Permits are valid for 6 months from the issue date, or 12 months from last inspection once inspections have been initiated. It is the owner/applicant's responsibility to provide the county with any applicable information about the subject property, including but not limited to: boundary information, house location, underground or overhead easements, etc. The county or its employees are not responsible for any incorrect or missing information that is contained within these applications.

Environmental Health Department Application for Improvement Permit and/or Authorization to Construct

If the information in this application is falsified, changed, or the site is altered, then the permit shall become invalid. This permit will be valid for 60 months.

□ NEW SEPTIC SYSTEM INSPECTION

- All property irons must be made visible. Place pink flags on each corner of lot & approximately every 50 feet between corners.
- Place orange flags at the corners of each proposed structure per site plan submitted to Central Permitting.
- Post orange Environmental Health sign in location that is visible from road to assist in locating property.
- If property is thickly wooded, you will be required to clean out the <u>undergrowth</u> to allow the soil evaluation to be performed. Inspectors should be able to walk freely around site. **DO NOT GRADE PROPERTY.**

■ EXISTING TANK INSPECTION

- Follow above instructions for placing flags and sign on property.
- Prepare for inspection by removing soil over outlet end of tank, lift lid straight up (if possible), and then put lid back in place.
 Does not apply to septic tank in a mobile home park
- DO NOT LEAVE LIDS OFF OF SEPTIC TANK
