

4. Wiring

4.1 Wiring mode (depends on the output mode)

- Split-phase mode (default)

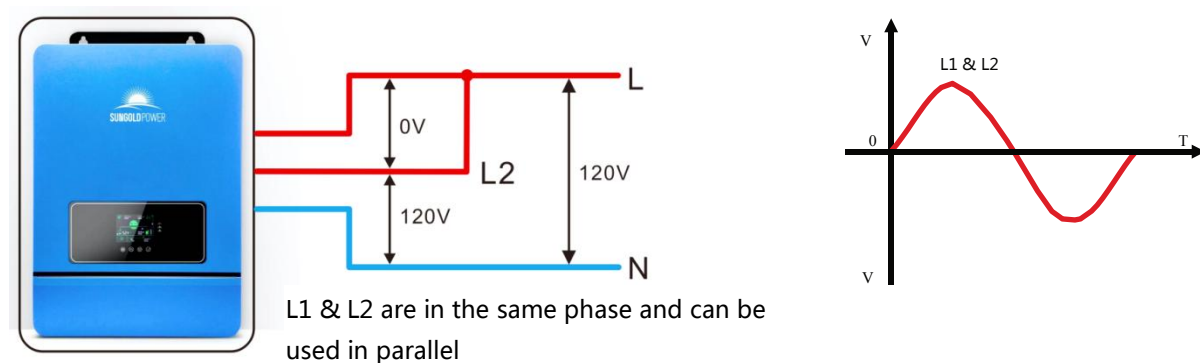

AC output

Item	Description
Applicable model	SPH series
AC output phase voltage (L-N)	100 VAC–120 VAC, 120 VAC (default)
AC output line voltage (L-L)	200 VAC–240 VAC, 240 VAC (default)

- Single-phase mode

AC output

Item	Description
Applicable model	SPH series
AC output phase voltage (L-N)	100 VAC–120 VAC, 120 VAC (default)
