RE: Existing Tank Application #BRES2507-0020

To whom it may concern

An attempt was made to evaluate the above property for issuing an existing tank permit. The evaluation could not be completed for one or more of the following reasons.

X **1. Uncover outlet lid on septic tank fully and break seal with a handle for access. (\$25.00 fee incurred).**

____ 2. Have system pumped out

____ 3. Replace Sanitary T

X **4. Other – Proposed Double Wide needs to move its location 5' in front of septic tank closer to the road. Currently the proposed location is on top of the septic drain field. Will need an updated site plan submitted to central permitting showing new Double Wide location and setback measurements to property lines.**

Your application will be put on hold until the selected items above have been addressed. When completed **call 893-7525 to confirm** that the items mentioned have been corrected we will then reschedule your property for evaluation.

Sincerely,
