Yes she does, but she doesn't have to pay the fee is what we told the man that called from the Mobile Home Place. If you can put a note somewhere in trakit that it is for a burnout they try to do those faster

Good morning! Permit BRES2407-0071 was finaled on 2/28/25. The new tank was finaled on 2/18/25. Long story short this home caught fire as soon as the person moved in. She is now getting a new mobile home. It will be the same size, same number of bedrooms and everything. The customer said she has talked to someone over there saying she does not have to go back through you all for her new home. I explained to her she would. I just want to make sure I'm correct. I haven't started the new file yet. They are in the process of obtaining a demo permit for the burnt home.

Sincerely,
