Re: Foundation Footing Inspection

Jeffery White
390 Clarks Corner Rd.
Holly Springs, NC 27540

To Whom It May Concern:

Chicora, PLLC was requested to observe the foundation footings for the 32'x 76' Champion Ironclad manufactured home located at the referenced address. The foundation footing that is installed for the home is a minimum 24" diameter and 8" inch in depth.

Based upon the observation of the footings, the foundation is suitable to support the manufactured home. We appreciate the opportunity to help you with this.

Should you have any questions or need additional information, please contact me at your earliest convenience. I can be reached via email at dlowery.chicora@gmail.com or by office phone at 910.536.1968.

Thanks,

Dennis Lowery, PE
Chief Executive Officer
Chicora PLLC
