Subject: RE: 57 Shamrock

Good morning,

The property at 57 Shamrock has a Town Sewer tap available. They will need to go through the Town to set up getting a water tap installed.

Hope this helps.

Thanks,

Skyler Russell, Public Works Assistant Director

Subject: FW: 57 Shamrock

Please see below and advise Jaime on what these are in the field. Looks like cleanouts, but I do not see were on the mapping. Looks like an older MHP.

I'm sure this is Town of Lillington's sewer if sewer is available. Please see below....

Subject: 57 Shamrock

Good afternoon ladies! I need some help please. We are permitting a SWMH at 57 Shamrock Ln. We have went round and round in regards to whether its sewer or septic and if it's through the town of Lillington or HRW. They have already paid \$100 for an existing tank inspection. Environmental Health has not been out yet. Per EH there is no existing tank and the customer cannot locate one. The customer came in today with these pics. Can someone tell me if these are sewer markers or what exactly this is. Thank you ladies for all your help.

Sincerely,

Kimberly Gibbons
