NOTE: Panel Size Table
To minimize Panel Offcuts needed for first and last panel, we will ship a full 23" panel.
Cut that 23" panel in half and install in first and last panel locations.

NOTE: Design Tool works in full feet.
When the Installed Frame Width is an Odd number and there are more than 2 Posts, we show the Frame Width as an even number. We know the extra 6" on each side will be trimmed during installation.
