To Whom It May Concern,

Thank you for submitting the plans for the new salon. The plans have been carefully reviewed by a qualified code enforcement official to examine for compliance with the North Carolina Fire Prevention Code and all other fire protection regulatory documents. There are some items that were found during the plan review process that need to be addressed before a final inspection of the new facility can be given. These items are outlined and described below.

- **506.1 Knox Box**
 - A Knox Box is required to be installed on the building.
 - The Knox Box can be ordered online or an order form can be provided through the Fire Marshal's Office.

- **505.1 Address Numbers**
 - The physical address shall be installed on the building so that it is visible from the approach side.
 - The numbers shall be of contrasting colors.

- **Notes**
 - This is an existing building that was formerly a Group M – Mercantile Occupancy. The use is changing to a Group B – Business hair salon.
 - A final fire inspection is required.
 - Schedule all fire inspections through the Fire Marshal's Office.
