Application Number 16-50037970

Ms. Harper,

Thank you for submitting the plans for the new Barbershop. The plans have been carefully reviewed by a qualified code enforcement official to examine for compliance with the North Carolina Fire Prevention Code and all other fire protection regulatory documents. There are some items that were found during the plan review process that need to be addressed before a final inspection of the new facility can be given. These items are outlined and described below.

- **505.1 Physical Address**
 - The physical address of the building shall be posted in a conspicuous place so that it can be seen on approach from the road, access road, and/or parking lot.
 - The numbers used to make up the physical address shall be at least 5 inches in height.

- **906.7 Fire Extinguishers**
 - Fire extinguishers are required to be properly mounted.
 - The fire extinguisher shall be tagged by a fire extinguisher company.

- **Notes**

- **All existing emergency lights and exit lights must be operating properly at time of final inspection**
- **Please schedule all fire inspections with the Fire Marshal's Office**
- **910-893-0741**

Thank you again for submitting the plans for the new Barbershop. Please review the plans and adhere to any notes and alterations that were made in addition to the original drawings. These remarks are for the plans that were submitted and its original intent. These remarks do not apply if the original intent changes or what was submitted on the above date changes. If you have any questions, please do not hesitate to call this office

Again, thank you and we look forward to working with you.

Sincerely,

Bill Lamm

Chief Deputy Fire Marshal

Application for Plan Review
