If the bathroom is to be located in the shop area, the plan  
must show a designated, accessible route, 48 inches wide,  
with no changes in elevation, from the store front door,  
through the office, and the shop. All doors shall be a  
minimum of 36 inches wide, with lever style hardware, and  
nothing may be stored in the designated travel area.  
Provide the engineered plans for building addition, with  
heating and cooling shown, as well as an electrical plan.
