Application Number 10-50025833

Mr. Gregory,

Thank you for submitting the plans for the new church. The plans have been carefully reviewed by a *qualified code enforcement official* to examine for full compliance with the North Carolina Fire Prevention Code and all other fire protection regulatory documents. There are some items that were found during the plan review process that need to be addressed before a final inspection of the new facility can be given. These items are outlined and described below.

- **505.1 Physical Address**
  - The physical address of the building shall be posted in a conspicuous place so that it can be seen on approach from the road, access road, and/or parking lot.
  - The numbers used to make up the physical address shall be at least 5 inches in height.
  - The address shall be posted on the interior of the building indicating the suite location in a conspicuous manner.
  
- **506.1 Knox Box**
  - A secure key box shall be installed on the new building that houses all keys to all the doors within the building in which the fire department would need access to in the event of an emergency.
  - Knox Box ID stickers shall be placed on all exterior doors in which entry to the building may be gained.
  - A Knox Box order form is attached with this packet.

- **Fire Alarm System**
  - The present fire alarm system shall be provided with an annual test by a licensed and reputable company before a CO inspection is given.
  
- **Occupancy Load**
  - The occupancy load shall be calculated and posted at the time of the final inspection. The seating arrangement (chairs, pews, etc) shall be determined at the time of the inspection.

Thank you again for submitting the plans for the church. Please review the plans and adhere to any notes and alterations that were made in addition to the original drawings. These remarks are for the plans that were submitted and its original intent. These remarks do not apply if the original intent changes or what was submitted on the above date changes. If you have any questions, please do not hesitate to call this office.

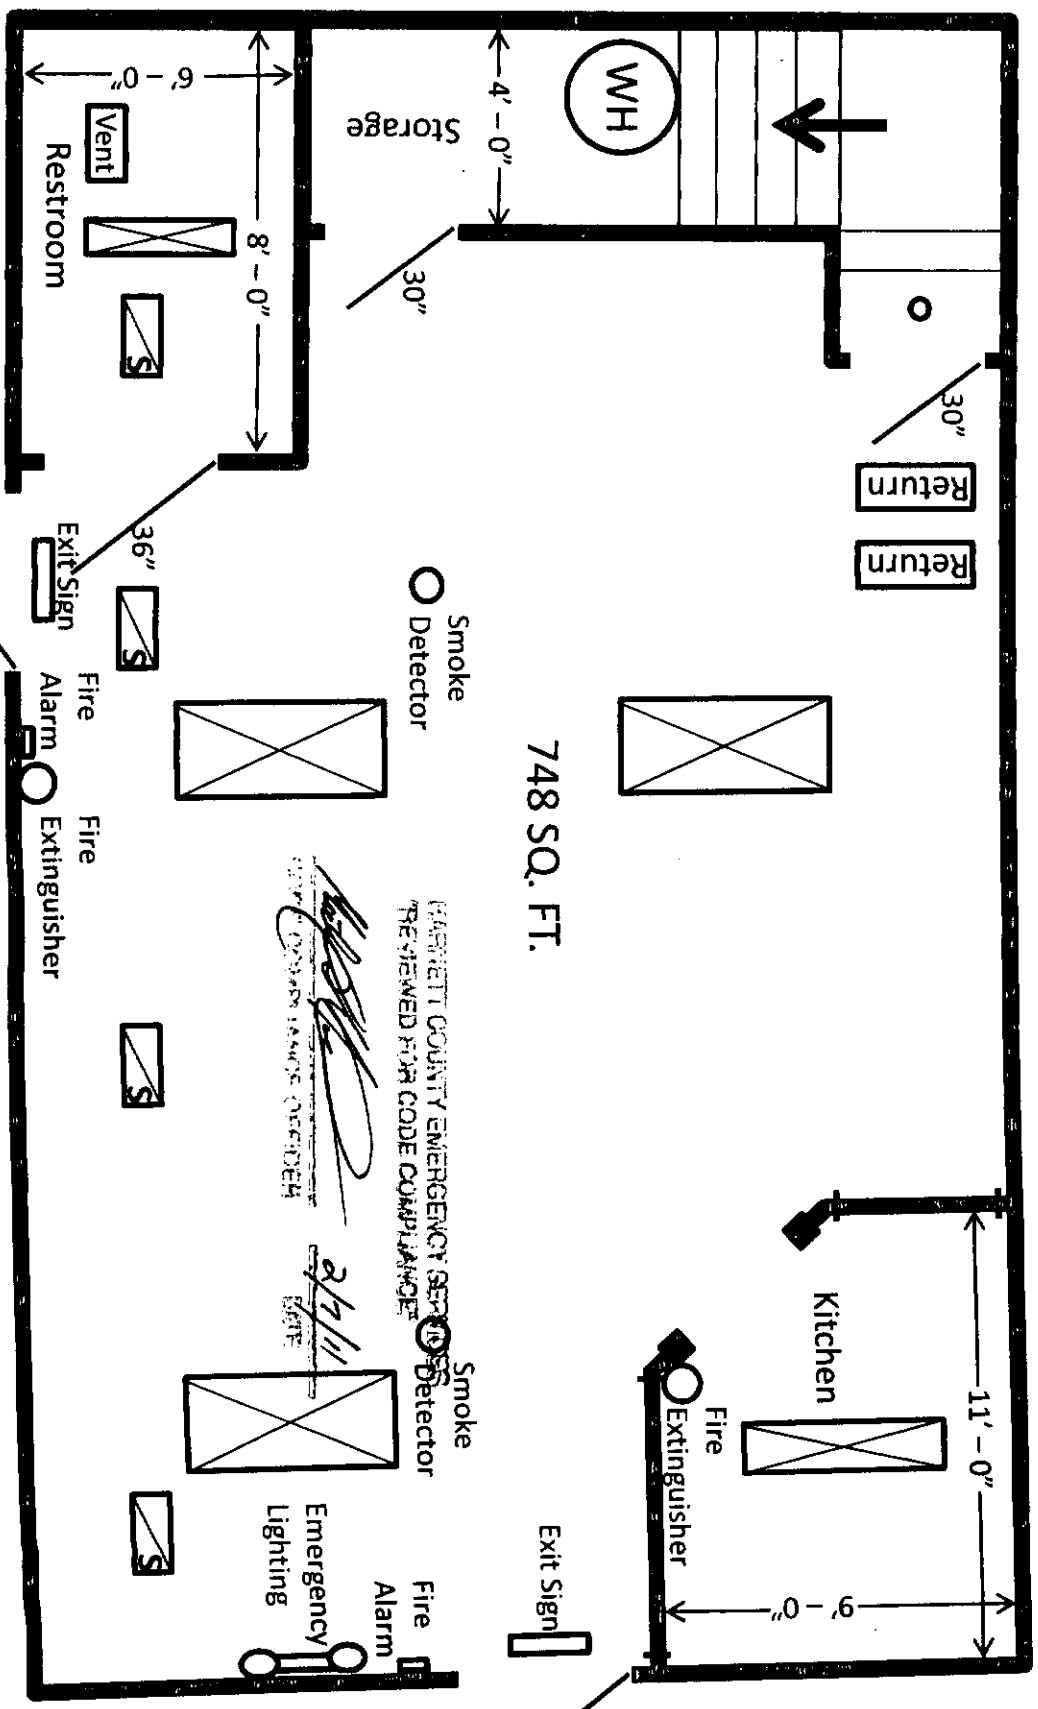

Again, thank you and we look forward to working with you during the construction period!

Sincerely,

Michael L. Martin  
Deputy Fire Marshal
