Colin,

Based upon my site visit and inspection of the above referenced unit, it is my opinion that the unit is properly setup in accordance with the North Carolina State Regulations for Manufactured/Mobile Homes and also meets the requirements of ASCE 7-93 for over height setups. I am also of the opinion the setup meets or exceeds the Permanent Foundation Guide for Manufactured Housing: Hand Book 4930.3, latest revisions.

Should you have any questions, please do not hesitate to contact me.

Sincerely

Larry W. Anderson, P.E. 13325
