**Re: Status of Improvement Permit Application #08-5-19917  
Shawn & Stacey McCracken**

Dear Mr. and Mrs. McCracken,

On May 5, 2008, an attempt was made to evaluate your property for the purpose of issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

- 1. Property lines/corners not marked or labeled
- 2. House corners not marked or labeled
- 3. Directions not clear to property
- 4. Property needs brush or vegetation removed
- 5. Backhoe pits required
- 6. **Other – The area where you placed the home site is where the private consultant has designated as suitable soils for septic system. You can either move home out of that area or have backhoe pits dug. (Rocky soil conditions)**

Your application will be put on hold until the selected items above have been addressed. When completed please call 910-893-7547 to confirm that the items mentioned have been corrected, we will then reschedule your property for evaluation.

Sincerely,

Joe West, R. S.  
Environmental Health Specialist  
Harnett County Department of Public Health
