**Re: Status of Improvement Permit Application & Well Application #08-5-20979**

To Whom It May Concern,

An attempt was made to evaluate your property for the purpose of issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

- 1. Property lines/corners not marked or labeled (*\$25.00 fee incurred*)
- 2. House corners not marked or labeled (*\$25.00 fee incurred*)
- 3. Directions not clear to property (*\$25.00 fee incurred*)
- 4. Property needs brush or vegetation removed
- 5. Backhoe pits required
- 6. Other – *See below*

Measurement of front property line was 164 feet not 120 feet, and right property line was measured at 22 feet unlike 44 feet as stated on your application and site plan. Also the Well application has been received in addition to the Land Use but your Land Use application has your water supply as being well only when county water should also be checked so that our records will be in agreement. Please submit changes to Central Permitting and reconfirm to 910-893-7527. I may be reached at 910-893-7547 between the hours of 8 – 9:00 a.m. if you have questions. Your application will be put on hold until the items above have been addressed.

Sincerely,
