Subject: Septic System Application
Town of Erwin Municipal Park

To Whom It May Concern:

The Town of Erwin is planning improvements to its Municipal Park. One element of these improvements is construction of a small building housing a concession stand and restrooms. The structure is a long distance from public sewer lines and we have determined that the best way to provide disposal of sanitary wastewater is by means of a septic system.

This structure is consistent with the Town's land use and zoning regulations and has the full approval of the Town.

Sincerely,

Pamela S. Addison
Interim Town Manager
