

April 28, 2009

**RE: Failing system located at: Woodshire Subdivision Lot 77**

Caviness Builders,

As per our meeting on Monday April 27, 2009 to resolve the problems at lot 77 Woodshire, Caviness Builders will be required: to have their private soils consultant provide a proposed septic system and repair to the Harnett County Department of Public Health to accommodate the 4 bedroom home built on lot 77. Until a permit can be issued and the new septic system installed, Caviness Builders will be required to keep the septic tanks pumped on an as needed bases, to keep the sewage from surfacing. I can be contacted at 893-7547 Monday-Friday, from 8:00-9:00 a.m.

Sincerely,

Joe West, R.S.  
Environmental Health Specialist  
Harnett County Department of Public Health
