Also have him verify wall to roof flashing, window installation and weatherproof,housewrap installation, and footing added in garage slab. Because this structure had siding installed before the framing inspection, brace all walls from interior either by let in bracing, or have the engineer design a bracing method. After engineers inspection and documentation, and all corrections have been done, recall for a rough in inspection.

	4/07/11	DA	Engineer is scheduled to inspect framing changes. Also have him verify wall to roof flashing, window installation and weatherproof,housewrap installation, and footing added in garage slab. Because this structure had siding installed before the framing inspection, brace all walls from interior either by let in bracing, or have the engineer design a bracing method. After engineers inspection and documentation, and all corrections have been done, recall for a rough in inspection.
