**Re: Status of Improvement Permit Application #07-5-18839
Woodshire Lt 164**

Dear Mr. Cummings,

On November 13, 2007, an attempt was made to evaluate your property for the purpose of issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

- 1. Property lines/corners not marked or labeled
- 2. House corners not marked or labeled
- 3. Directions not clear to property
- 4. Property needs brush or vegetation removed
- 5. Backhoe pits required
- 6. Other – See below

Due to house size (footprint and number of bedrooms), lot size, and home location on the lot, a permit can not be issued. You need to reduce house size (footprint and number of bedrooms) and place home on lot so that there is area available for septic system and repair.

Your application will be put on hold until the selected items above have been addressed. When completed please call 910-893-7527 to confirm that the items mentioned have been corrected, we will then reschedule your property for evaluation.

Sincerely,

Joe West, R. S.
Environmental Health Specialist
Harnett County Department of Public Health
