Re: Plan: Barnes Residence  
TE&D Job # 08GAR-R0203  
Framing Issues

To Whom It May Concern:

A representative of Tyndall Engineering & Design, PA (TE&D) analyzed framing items for the above referenced project. Specifically, the following items listed were analyzed:

- 1) Alternate Beam #3

The following conclusions and recommendations were presented for the above-mentioned items:

- 1) Upset W14X26 may be used in lieu of plan specified Upset (4) 18" LVL (Beam 3). These framing changes will adequately support the anticipated loading conditions.

We appreciate being able to assist you during this phase of the project. If you need further assistance or require additional information please do not hesitate to contact us.

Sincerely,  
Tyndall Engineering & Design

Avram Adelman, E.I.  
AA/08GAR-R0203
