Re: Status of Improvement Permit Application #08-5-19641
Lot 9 Patton's Point

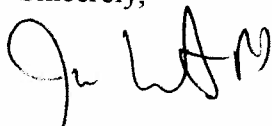

To Whom It May Concern,

On March 17, 2008 an attempt was made to evaluate your property for the purpose of issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

- _____ 1. Property lines/corners not marked or labeled
- _____ 2. House corners not marked or labeled
- _____ 3. Directions not clear to property
- _____ 4. Property needs brush or vegetation removed
- _____ 5. Backhoe pits required
- X** 6. **Other – Due to lot being disturbed as much as it has been, you need to get your private soil consultant to provide septic system and repair layout and drainage that is needed to divert surface water away from septic area.**

Your application will be put on hold until the selected items above have been addressed. When completed **please call 910-893-7527 to confirm** that the items mentioned have been corrected, we will then reschedule your property for evaluation.

Sincerely,

Joe West, R. S.
Environmental Health Soil Scientist
Harnett County Department of Public Health
