Within ONE MONTH AFTER 55 made comments on HTRC
 about lots - Scott Lee + Super (Danni?) came into office
 for meeting about what to do with lots. Explained that
 they needed permit ~~or~~ official denial because Harold Butts
 would not give money back. We told THAT we could
 deny but if ~~costs~~ costs were charged that with
 proper home placement lots may be permissible.
Scott Lee understood. Then hired Neill Floyd 55 for
 layouts etc. He (Neill) called and told me
 that. He agreed with me and my work, but if he
 could get (Wetlands DEU) to change the discontour
 on property's that permit may be possible.
 Since that time NO info on layout have been
 submitted.
