Re: Status of Improvement Permit Application #11-5-25911

To Whom It May Concern,

An attempt was made to evaluate your property for the purpose of issuing an Improvement Permit. The evaluation could not be completed for one or more of the following reasons.

1. Use pink flags to mark property lines and irons that are set by surveyor need to be visible *(\$25.00 fee incurred)*
2. Use orange flags to mark house corners *(\$25.00 fee incurred)*
3. Directions not clear to property *(\$25.00 fee incurred)*
4. Property needs only brush or vegetation removed
5. Backhoe pits required
6. **Other – I spoke with applicant after pits were dug and with our in house soil scientist, Oliver Toksdorf. Per our conversation I am again advising you that based on soil conditions, you will need to consult with a private soil scientist to obtain a system layout and repair for this lot. Your application will be active for six months from the date of submission.**

Your application will be put on hold until the selected items above have been addressed. When completed please call 910-893-7547 to confirm that the items mentioned have been corrected, we will then reschedule your property for evaluation.

Sincerely,
