Show profile locations and other site features (dimensions, references or benchmark, and North)

A large grid for site profile locations and other site features. The grid is approximately 20 units wide and 30 units high, providing a space for drawing and recording data.

MICHAEL P. GRIFFIN, certify that under my direction and supervision this map was drawn from an actual field survey; that the error of closure of the survey as calculated by coordinates is 1: 10,000+; that the area shown herein was calculated by coordinates.

Witness my hand and seal this day of MONTH 2012.
