Subject: Permit 15-50036255

My name is Chris Sinclair with Chris Sinclair Electric LLC. My license number is 27819-L. I did NOT wire the job at 54 Oak Valley Farm Rd, permit number 15-50036255. Whoever did the electrical is not affiliated with my company and did so WITHOUT MY PERMISSION. Originally, I was supposed to wire the house and I was supposed to be on the permit. After setting the temp pole, I went by to check on the job and someone had already started pulling wire. I removed my temp pole and instructed Stand Sure Custom Homes to take my name off the permit. This was on July 1 2015. I did NOT do ANY of the wiring for this job. I do not want anyone working under my license or insurance and I surely do not want to be responsible for someone else's work. Please release me of any liability associated with this job.

Thanks

Chris Sinclair
