Addressing Inspector Comments and Certification

Upon request of the owner, the site of the house being constructed at 4446 Old US421, in Lillington, North Carolina was visited on January 08, 2018. The purpose of the visit was to address Harnett County Inspector comment concerning collar-ties in the Leaving Area.

I, Hereby, Certify that rafters are structurally stable and well braced on the toe end and do not require collar ties.

As-built rafter system in the leaving area are structurally stable and meet load bearing requirements of NCBC, Residential, Edition 2012. **My Seal and signature affixed below for certification.**
