44430

Jennifer,

Per our conversation today, I am having a time trying to get this inspection scheduled. It has been cancelled two times by Mrs. Holland and the last inspection date of 9/14/18 did not happen due to Hurricane Florence. It is my understanding after speaking with Mrs. Holland, she is no longer living there and her husband may be deployed.

I have tried to reach him at the number Mrs. Holland gave me however I have not received any response.

I will continue to try and reach him, but if he is deployed, it could be a while before I am able to contact him.

Thank you,

Sharon K. Jones
