Second Attempt: FINAL NOTICE RE: Complaint #1086 & #1103 – Wynnridge Lt. 5

Dear Mr. Olivares,

After receiving a complaint, and making multiple visits, issuing an Improvement Permit for Repair on May 5, 2009, I made an on-site inspection of your property on July 20, 2009 and found that your system is still failing at the above listed address. A final notice was sent to you dated July 24, 2009 and was signed for July 25, 2009 by receipt of certified mail. ***You are notified of that you are in violation and are in need of your final inspection in order to receive an Operations permit.***

Again, you are hereby notified that you are violating the Rules and Regulations adopted by the North Carolina Commission for Health Services in accordance with requirements of Article 11 Chapter 130A-335 (a) of General Statutes of North Carolina. A person owning or controlling a residence, place of business or a place of public assembly shall provide an approved wastewater system. A wastewater system may include components for collection, treatment and disposal of wastewater. **You are required to correct this problem immediately.** I request that you contact the Health Department by as soon as possible to discuss your plan of action concerning this matter

Again, if you fail to meet the requirements for this final notification, this matter will be turned over to the attorney that represents Harnett County for legal action to be taken. The continuation of this violation may constitute a health hazard.

I can be contacted at 893-7547 Monday-Friday, from 8:00-9:00 a.m.

Sincerely,

James E. Manhart, III, R.E. H.S.

RE: Failing system – Complaint #1086 & #1103 – Wynnridge Lt. 5

Dear Mr. Olivares,

An Improvement Permit was issued by an Environmental Health Specialist on May 5, 2009, due to your failing septic system.

You are hereby notified that you are violating the Rules and Regulations adopted by the North Carolina Commission for Health Services in accordance with requirements of Article 11 Chapter 130A-335 (a) of General Statutes of North Carolina. Any person owning or controlling a residence, place of business, or place of public assembly containing water using fixtures connected to a water supply source shall discharge all wastewater directly to an approved wastewater system permitted for that specific use. A wastewater system may include components for collection, treatment and disposal of wastewater.

We request that you contact the Health Department prior to the expiration date of your Improvement Permit in order to obtain an Operations permit. **You are required to correct this problem within 30 days from the date the Improvement permit was issued, that date of expiration is June 5, 2009.** Please be advised that any action you may take without an improvement permit does not absolve you of the responsibility for correcting this public health problem, according to health department standards. The continuation of this violation may constitute a health hazard, and if you do not comply within the allotted time frame we will be forced to obtain legal action.

I can be contacted at 893-7547 Monday-Friday, from 8:00-9:00 a.m.

Sincerely,

James E. Manhart, III, R.S.
