RE: Preliminary Soils Investigation of Lot 9 and 10 Phase I, Barclays Subdivision
Harnett County, North Carolina.
ACE Job No. 98-154S

Mr. Langdon:

This letter is to follow up on our meeting with you and Thomas Boyce, the Soil Scientist with Harnett County, on November 4, 1998 to discuss my findings on lot 9 and 10 Barclays Subdivision. Mr. Boyce was in agreement with my findings that lot 9 and 10 both have enough usable soil for a septic system on each lot. He indicated that he would evaluate these lots and indicate where the houses needed to be located and how the drain lines needed to be installed.

Thanks for meeting with me and Mr. Boyce and let me know if there is anything else we can do for you. Please call if you have any questions.

Respectfully submitted,
Appian Consulting Engineers, PA

John R. Davis, Jr., LSS
Project Manager
