Ok thanks, I wasn't sure till I saw your email this morning. He gave it to someone else. I noticed on the building application there are not separate trade job costs. I will need those so I can let you know the permit fees. You can email then to me if you like.

Good morning!

We've got the permit information filled out. Can i scan and email this information to you or do you want me to bring it?

Also you mentioned there might be a problem where we were wanting the building... can it be placed there or does it need to be in another location?
