Harnett County Electrical Inspections Department  
108 East Front Street  
Lillington, NC

To Whom It May Concern:

This letter is in reference to a power meter base installation permit for Harnett Transload Intermodal, LLC at 9029 Highway 401, Fuquay Varina. Power Master originally obtained the permit to install the aforementioned power meter base. Because of Power Master's current work load they will not be able to complete the installation. I would now like to convey the permit to R. S. Johnson Electric, LLC, license #29862-U. The estimated cost of the installation is \$4,000.00.

Regards,

  
Ben Slaughter
