Inspection Type: TEMP POWER CERTIFICATION

Completed Date/Time: 9/20/2021  
Inspector: Brad Sutton  
Result: APPROVED  
Remarks:  
Notes:

Seal offs from gas panel communicates with all the other gear in the store. Superintendent and gas electrical contractor have both assured me that Sheetz has a person who verifies the seal offs are complete before fuel is added to the tanks. There will still need to be a seal off inspection for the remainder of the gas system as well. Only the canopy vertical seal offs were completed today.
