Good Morning Maria,

Thank you for your e-mail.

Please find attached CityScape's comments sent to Cloudwyze for 1979 Oakridge River Road and 1067 Clayhole Road.

Also is attached is a copy of an e-mail I received on Tuesday addressing CityScape's comments for 512 Chalybeate Road. In your e-mail below (also sent to me on Tuesday) you indicate that Cloudwyze wants to cancel this application. I am confused by the information in the two different e-mails because one e-mail addressed our comments and the other states Cloudwyze wants to cancel the application. Can you please double check and confirm that Cloudwyze intends to withdraw the 512 Chalybeate Road application?

Thank you, Susan

Good Afternoon,

Thank you for the updates below. I did some digging and found that the 1979 Oakridge River Rd address you have on file is indeed the correct one. Please disregard the 130 Oakridge River Rd address. Regarding the incomplete applications for both 1979 Oakridge River Rd & 1067 Clayhole Rd., could you send me the information you need us to address so we can those completed?

Additionally, we would like the application for 512 Chalybeate Road to be cancelled.

Thank you.

Good morning,

1. The Tippet Road site is under the jurisdiction of Town of Angier and we don't do reviews for them so you will need to check with the Town directly.
2. The Edwards Brothers Drive site is under the Town of Lillington and our report went to them last month so you need to check with them on permitting.
3. We don't have anything for 130 Oakridge River Rd – we have [1979 Oakridge River Road](#) (is this the same site?) but that application is incomplete and we need Cloudwyze to address the comments we sent in order to be able to finish our report.
4. We also have [1067 Clayhole](#) and [512 Chalybeate Road](#) both of which have been on hold as incomplete waiting on Cloudwyze response.

Please let us know the status of the applications above. Thank you and have a great holiday!

Good morning Maria,

I have reviewed your table below and filled in the status as I know it today. In addition to the sites in the table, we have also reviewed and have on hold sites at 1067 Clayhole Road and 1979 Oakridge River Road. Are you still wanting to use these sites?

I am including Elizabeth on this e-mail since she is the contact at CityScape who tracks and manages our review process. She may have information on Tippet Road site.

Please note our offices will be closed all next week so it might be after the first of the year until you hear back from Elizabeth.

All the best for a wonderful holiday, Susan
