It will probably be \$9,000.00 when completed

Donna,

The electrician was not fully informed of what needed to be done, it was really just a misunderstanding.

Thanks,

Mark

That is fine, but the first cost was \$10,000.00 and the second was \$3,000.00. if there were additions, then it should have been more than the \$10,000.00. sorry, I have to make sure everything is correct.

Donna,

There were some additions to what was first priced:

Wire buildings to include indoor lights and outdoor wall pack lights  
Wire for bathrooms  
Add wall outlets

Thanks,

Mark

Please send me an itemized statement as well for this work. The first application you completed had \$10,000.00 and this one has \$3,000.00.a big difference.
