The following must be enclosed with this application:

- 1. A complete set of construction drawings of the proposed facility demonstrating compliance with applicable Federal, State and Harnett County building codes; and,
- 2. A structural analysis by a Registered Professional Engineer that the support structure complies with applicable ANSI/EIA/TIA-222G (as amended) standards; and,
- 3. A statement (electronic preferable) from a qualified individual that the applicant will comply with all FCC rules regarding human exposure to RF energy and a statement (electronic preferable) from the applicant that the applicant will comply with all applicable FCC rules regarding radio-frequency interference;

Please Note: Supplemental information may be requested for purposes of clarity or confirmation.
