Please give complete directions from the Health Department to the location.

2 miles from Elliot Bridge Rd on Right

In order for a sample to be taken the well should be made visible to the inspector. This may require the removal of lids over the well, or lids and/or locks of pump houses. We also inspect your well, and if it is unapproved we will not take a sample, but advise you how to protect the well. Once the well has met state requirements, re-apply and we will sample your water at that time. If further visits are necessary there will be an additional charge of \$25.00. You will be notified by mail once the results have been received from the State Lab.

By signing this application I am confirming that the information given is correct.

Letter Details

UNCH LIVER TRANSPLANT CHAPEL HILL
101 Manning Drive
Chapel Hill NC 27514-4220
Dept: 984-974-5100

October 3, 2018

To whom it may concern:

James Rhoden (DOB 3/24/73) underwent an orthotopic liver transplant on 5/13/2016. Due to his need for ongoing immunosuppression and risk for infection we feel it is medically necessary for him to have his home well re-tested following recent inclement weather/hurricane to rule out any potential source for infection.

Thank you,

Elizabeth Ann Lemmon, RN, BSN, CCRN | Liver Transplant Coordinator
101 Manning Drive, Chapel Hill, NC 27514
