In order for a sample to be taken the well should be made visible to the inspector. This may require the removal of lids over the well, or lids and/or locks of pump houses. We also inspect your well, and if it is unapproved we will not take a sample, but advise you how to protect the well. Once the well has met state requirements, re-apply and we will sample your water at that time. If further visits are necessary there will be an additional charge of \$25.00. You will be notified by mail once the results have been received from the State Lab.

By signing this application I am confirming that the information given is correct.
