Directions from Lillington to your site: M^c Dougald Rd to Spring Hill Ch Rd

Left on Spring Hill - 1st brick home on right

In order for Environmental Health to help you with your repair, you will need to comply by completing the following:

1. The outlet end of the tank and the distribution box will need to be uncovered and property lines flagged. After the tank is uncovered, property lines flagged, underground utilities marked, and the orange sign has been placed, you will need to call us at **910-893-7547** to confirm that your site is ready for evaluation.

Your system must be repaired within 30 days of issuance of the Improvement Permit or the time set within receipt of a violation letter. (Whichever is applicable.)

By signing below, I certify that all of the above information is correct to the best of my knowledge. False information will result in the denial of the permit. The permit is subject to revocation if the site plan, intended use, or ownership changes.
