They need to apply for a new system. She tried to do it as a repair, but there was no failure.

Subject: FW: Septic permit

Good morning! Do you know anything about this address? I'm confused. This lady says there was a house that was demolished and then they rebuilt it and now they're asking for a new septic. This is backwards to me so I just want to make sure because she is saying she spoke to Environmental Health and was told to reach out to us.

Sincerely,

Kimberly Gibbons
