RE: Carlie C's Angier Meat Market

Dear Mr. Wilson,

A plan review was received by this office concerning the construction of the above referenced facility. The plans and specifications are approved with the following comments:

Due to a change in facility type and the issuance of a new permit, all equipment must be in good working order and repair. All floors, walls and ceilings shall be smooth, non-absorbent, easily cleanable, and in good repair. All other aspects of the current North Carolina Food Code must be met, including but not limited, to such things as provision of a designated area for employee eating and storage of personal belongings, proper air gap on plumbing fixtures which require them, and sufficient single service storage.

Please contact this office when you believe you are ready for an evaluation.

If you require further assistance, please call 910-893-7547.

Sincerely,

Cindy Pierce, REHS
Environmental Health Section
Harnett County Health Department
