RE: That 'Sno Hut/Truck
68 Amarillo Lane
Sanford, NC 27332

Hello Sir or Ma'am,

Attached for consideration in this packet are applications to convert/remodel our existing frozen dessert take out stand into a take out food stand. Our business currently is permitted by the NC Department of Agriculture. We desire to expand our menu and services to the community with this conversion. Attached are all documents, plans, criteria required. In regards to our proposed menu, included is our current dessert menu. We have not finalized a food menu as of yet but all ingredients that we are planning and food handling procedures are included in this application packet.

This packet is a 2 part application as we are submitting an application for a mobile food unit as well. The MFU will utilize (once approved and converted) the establishment we are applying for the status as a food stand establishment. The application for the mobile food unit also has our current dessert menu and food items will duplicate what will be served at our food stand establishment.

We understand that we must first meet the required needs of Harnett County and be approved for a food stand establishment to be qualified as a commissary for the MFU. The proposed dates of operation in the application reflect this.

I can be reached at the above contact information for any further questions or concerns.

Regards,

A handwritten signature in black ink, appearing to read 'Michael S. Kotlarek', written over a horizontal line.

During a inspection of Your Firm (I) (We) Observed:

The purpose of this visit was to conduct an initial inspection of a firm that plans to sell shaved ice at this location. Mr. Michael Kotlarek (Owner) will freeze water obtained from a municipal water source in a freezer located at this location. There will have approximately 33 different syrup flavors that will be purchased from 1 800 shaved ice.com. Sugar will be purchased from Food Lion. Additionally, NCDA discussed proper sanitation, hair restraints, hand washing, sanitizer test strips and thermometers with Mr. Kotlarek.

No objectionable conditions were observed at this present time.
