Prices Good Until: 09/17/2022

**Applicable sales taxes are not included in this quote and will be charged in accordance with federal and local state tax regulations. Prices may not include freight but are applicable.**

By signing this quotation, customer agrees to purchase the equipment and freight inspection terms shown above. Customer further agrees to pay Pro Food Systems, Inc. a 50% non refundable down payment and agrees to pay the entire equipment balance plus any applicable freight and sales taxes prior to shipment of equipment by electronic funds transfer (EFT). If Customer elects not to utilize EFT, entire equipment balance must be paid in full 7 days prior to equipment shipping.

Customer acknowledges that all electrical work must be performed by a licensed electrician and any plumbing work performed by a licensed plumber. The exhaust hood (if any) must be installed by others and customer understands that it is their responsibility to be certain that all installed equipment meets or exceeds local, state, and federal codes. The ansul (fire protection) system must be purchased and installed by a local fire protection company.

**Non Damaged Equipment Being Returned For Any Reason Will be Charged A 25% Restocking Fee. The equipment must be unopened and in it's original shipping crate or box. If it is not the equipment cannot be returned to the manufacturer and may have a higher return fee. The account must ship and pay freight on the items being returned to PFSbrands. The original freight on the equipment will not be refunded.**

Thank you for allowing PFSbrands, Inc. an opportunity to help you with your equipment needs! Our goal is to deliver a trouble-free experience through the entire equipment purchase process. To that end, we would ask you to adhere to the following instructions as it pertains to the delivery of your equipment: Please have a responsible party onsite at the time of your delivery to inspect all equipment as you take possession from the delivery agent. In the event, you discover any damage of the equipment or shipping container, immediately reject damaged equipment at that time and require the delivery agent to put the damaged unit(s) back on the truck so we can process a damaged freight claim on your behalf. If you choose to keep any equipment you suspect may contain concealed damage, please ensure the damage is documented on the bill of lading (BOL). Please have both the driver and yourself sign the BOL with the damage notated to help with possible future claims, but understand you may be liable once you take possession of the shipment. If you do not inspect the shipment at the time of delivery and fail to report the damage on the bill of lading we cannot help with facilitating any damage claims and the likelihood that a claim is processed and approved is remote. Once you take possession of the shipment you will be solely responsible for initiating a claim to the delivery company and handle all claim functions on your own. Due to all major freight carrier's rules and regulations, we are unable to adjudicate on your behalf once you have taken possession of the shipment.

Please retain a copy of the BOL for your records even if you don't see or suspect any damage to the equipment. Failure to retain BOL may eliminate the ability to file a claim at a later date.

Please be aware freight damage may be hidden or concealed and we have observed an increase of damaged shipment across all freight carriers. Please ensure all managers, employees or contractors are aware of the importance of inspecting shipments prior to taking possession.

Your signature is required below to acknowledge the importance of the shipment inspection and subsequent responsibility if the above process is not followed. Thanks in advance you for your understanding!

Note: All six or seven well hot cases are unable to be delivered to a store that will require a lift gate. For those retail locations multiple three or four well merchandisers are required with corresponding connectors.

**IF YOU REFUSE DELIVERY CONTACT PFSBRANDS IMMEDIATELY.**

We will schedule a replacement item to be shipped ASAP.
