Needs Grill  
201 W Cumberland St  
Dunn, NC 28334

Harnett County Government Complex  
307 W. Cornelius Harnett Boulevard  
Lillington, NC 27546

ph: 910-893-7547

fax: 910-893-9371

Dear Mr. Shergill,

The plans and specifications for Needs Grill was reviewed and a walk through of the facility was completed on 1-9-23. The plan review status is disapproved at this time. The following items were noted during the walk through and must be completed.

Contact the City of Dunn to apply for an inspection with Fire and Building. Our Department will require approval from both prior to the issuance of a food service permit.

- 1-Provide an accurate site plan. The site plan provided is not accurate to the layout of the facility.
- 2-The current proposal for refrigeration is not adequate. The walk-in cooler is not permitted to be used for the storage of food. Provide additional refrigeration in the kitchen. Provide a specification sheet for the additional refrigeration and indicate the location on the new site plan.
- 3-Flooring is not in good repair. A transition piece on the floor must be removed. The floor shall be smooth, non-absorbent and easily cleanable. Walls have cracks and gaps and need repair. Newly constructed walls have holes and gaps along junctures.
- 4-All refrigeration shall hold at 41F or less. Violations noted multiple times and previous owner was required to close due to the lack of working refrigeration. If the units remain and are intended to be used, ensure they hold proper temperature and are in good repair. One-door reach in does not have shelving.
- 5-Move shelf beside fryer and provide a stainless steel table for breading of raw meat.
- 6-Holes and mold present on walls in hallway/storage behind service desk.
- 7-Holes in walls in bathrooms.
- 8-Storage in back room of store needs cleaning out and area needs cleaning and repair. Ceiling tiles hanging down or missing.
- 9-Lighting above work areas shall be at least 50 foot-candles and storage areas shall be at least 10 foot-candles.

The establishment must comply with the requirements of the North Carolina Food Code and 15A NCAC 18A .2600, "Rules Governing the Food Protection and Sanitation of Food Establishments." This review does not cover any aspects of construction regulated by other jurisdictions.

Please contact me with questions at (910) 893-7547 or email me at [jturlington@harnett.org](mailto:jturlington@harnett.org).

Sincerely,
