Dear Mr. Nouaim,

A plan review was received by this office concerning the construction of the above referenced facility. The plans are not approved and the application is being returned at this time with the following comments:

- Please provide a full set of food process sheets. Food process sheets were not complete for each food type or menu product. Indicate all aspects of food handling procedures as requested. Review of equipment requirements or sufficiency cannot continue until this information is received.
- Specification sheets are missing for small stove range, panini press, soup kettle, rice cooker and toaster oven.
- No location provided for rice and soup holding equipment.
- The application has zero marked for number of prep sinks however there is a prep sink on the layout. The size of drain board in inches on the application is 1.5. Please provide truthful information regarding the number and size of prep sinks.
- The application has 2 compartments indicated for manual ware washing. The layout indicates there is a three compartment sink. The length of drain boards in inches as indicated on the application is 1.5. Please provide truthful information regarding the ware washing sink. The layout must match the application with respect to equipment provided.
- You indicated you would use both chlorine and hot water of 171F or greater for sanitizing utensils. You must only use one method at a time. If using hot water of 171F or greater please indicate method of heating water.
- No location or size of can wash facility was provided.

Any item not shown on the plans or referenced above will be required to comply with 15A NCAC 18A .2600, **“Rules Governing the Sanitation of Food Service Establishments”** and the **2017 NC Food Code**. This review does not cover any other aspects of construction regulated by other jurisdictions.

If you require further assistance, please call 910-893-7547.

Sincerely,

Cindy Pierce, REHS
