Dear Mr. Satterfield:

The application for your proposed food service establishment has been reviewed but not approved. Below is a list of the reasons for the denial:

1. The application is not complete.
2. The food process sheets are not completed for the soups or deli meats.
3. The equipment specifications sheets were not provided for the equipment. All proposed equipment must be indicated on site plan including counter-top equipment.

The application submitted to you on June 13, 2023 is being returned to you. Once the above mentioned items are provided, you may return the application to my department so that I may start the plan review.

The review of this plan was made using 15A NCAC 18A .2600, "Rules Governing the Food Protection and Sanitation of Food Establishments," and the "North Carolina Food Code Manual". This review does not cover any other aspects of construction regulated by other jurisdictions. If you have comments or questions, please feel free to contact this office at (910) 893-7547 between 8-9 a.m. Monday-Friday.
