RE: One Rooster and One Hen

Dear Ms. Miller,

A plan review application was received by this office concerning the construction of the above referenced facility. The application is not approved at this time. Additional information is needed and is detailed below:

- Items on application left blank shall be completed. These include number of seats, size of prep sink drainboards.
- A complete and detailed menu with corresponding food process sheets was not submitted.
- The floor plan submitted was not detailed with respect to the kitchen area. Equipment listed in kitchen does not appear to be adequate.
- A complete set of proposed equipment specification sheets that correspond to kitchen equipment on floor plan was not submitted.

The information requested is required for the Plan Review to continue. Please spend some time critically thinking about your operation. A plan review is essentially a critique of a business plan therefore, more detail is needed.

Any item not shown on the plans or referenced above will be required to comply with 15A NCAC 18A .2600, **“Rules Governing the Sanitation of Food Service Establishments” and the 2017 NC Food Code.** This review does not cover any other aspects of construction regulated by other jurisdictions.

If you require further assistance, please call 910-893-7547.

Sincerely,

Cindy Pierce, REHS
