

## FOOD HANDLING PROCEDURES

Explain the following with as much detail as possible. Complete descriptions including specific areas of the kitchen and corresponding items on the plan where food is handled will expedite the plan review process. Incomplete descriptions may result in the application being returned.

Explain the entire food handling procedure for each food item on the proposed menu. Including:

- How the food will arrive (frozen, fresh, packaged, etc.)
- Where the food will be stored
- Where and how the food will be thawed
- Where (prep tables, sink, counter, etc.) the food will be handled (washed, cut, marinated, breaded, cooked, etc.)
- When (time of day and frequency/day) food will be handled
- Whether or not the food or any part of the food will be used as leftovers or as any ingredient in a future dish
- How the food will be cooled if applicable

### FOOD PRODUCT Pizza Dough

Dough Balls will be brought in Frozen. We will Thaw the dough Balls in dough trays in the walk in cooler, when needed we will take them to the Pizza prep Table for use

### FOOD PRODUCT Pepperoni, Beef, Sausage, Bacon, Ham

will be brought in and placed in cooler at 34 to 42° Degrees until needed then brought to pizza prep table and put in containers and then leftovers placed into cooler

**FOOD PRODUCT** Spaghetti and Lasagna

Will be brought in prepackaged and kept in cooler until needed. Then put thru oven for warming.  
No leftovers

**FOOD PRODUCT** Onions and Greenpeppers, Lettuce, Tomatoes

All will be cut daily and stored in containers in a refrigerated prep table

**FOOD PRODUCT** Ranch cups, Blue cheese, Honey mustard, Mayo,

All will be stored in a refrigerated make table until they need to be used.

\*\*\*ADDITIONAL SHEETS ARE AVAILABLE

**FOOD PRODUCT** Mushroom, Pineapple, Jalapenos, and Bangun Pepper  
Will be stored on a shelf until opened then  
probably drained and then kept in cooler until use

**FOOD PRODUCT** Wings, meatballs and steak will stay in  
cooler properly wrapped until needed then run thru  
oven to cook before serve

**FOOD PRODUCT** \_\_\_\_\_

## GLO-RAY® DESIGNER MERCHANDISING WARMER GR2SDS-XXD

The Hatco GR2SDS-D Glo-Ray® Designer Merchandising Warmer keeps hot wrapped food at proper serving temperatures while placing the warmer where it belongs – on the product.

- Designed for short-term food holding.
- Uses pre-focused infrared top heat and a thermostatically-controlled heated base to maintain consistent temperatures.
- GR2SDS-xxD is a slant, dual shelf unit.
- Unit and inset panels available in all Designer finishes (standard Designer Black for inset panels) to match your décor.
