In order for Environment Health to help you with your repair you will need to comply by doing the following:

1. A surveyed and recorded map and deed to your property must be attached to this application along with a site plan showing (a) location of dwelling (b) location of driveway (c) location of any wells and other existing structures.
2. The outlet end of the tank and distribution box will need to be uncovered and property lines marked. After the tank is uncovered, property lines are marked and orange sign has been placed, you will need to call us at 893-7547 or 893-7548 to let us know that it is ready.
3. The system must be repaired within 30 days or the set time within receipt of a violation letter.

This certifies that all of the above information is correct to the best of my knowledge. False information will result in the denial of the permit. The permit is subject to revocation if the site plan, intended use, or ownership change.
