RE: Complaint #636
MHP on Cameron Rd

< 38 Go Heels Dr. >

Dear Mr. & Mrs. Lasater,

An on-site inspection was made on your property May 2, 2007, by an Environmental Health Specialist and observed a failing septic system.

You are hereby notified that you are violating the Rules and Regulations adopted by the North Carolina Commission for Health Services in accordance with requirements of Article 11 Chapter 130A-335 (a) of General Statues of North Carolina. A person owning or controlling a residence, place of business or a place of public assembly shall provide an approved wastewater system. A wastewater system may include components for collection, treatment and disposal of wastewater.

You are required to correct this problem within 30 days from this date. We request that you contact the Health Department within 7 days in order to obtain an improvement permit. You will be required to bring **a recorded survey map, deed**, and fill out a repair application in order to obtain an improvement permit. Please be advised that any action you may take without an improvement permit does not absolve you of the responsibility for correcting this public health problem, according to health department standards. **The continuation of this violation may constitute a health hazard, and if you do not comply within the allotted time frame we will be forced to obtain legal action.**

I can be contacted at 893-7547 Monday-Friday, from 8:00-9:00 a.m.

Sincerely,

Graham H. Byrd, R.S.
Environmental Health Supervisor
Harnett County Health Department
