Subject: Repair Permit 71 Jonesboro Road

Mr. Tuggle, the phone number listed on the Repair application submitted to Harnett Co Environmental Health has a mail box that is full, so we could not leave a message. Please call 910-893-7547 and ask for James Manhart. He needs the front survey irons on the property to be uncovered and displayed. You may email him if you are unable to reach him by phone at jmanhart@harnett.org. He needs this taken care of before he can proceed. Thank you.

Have a nice day!

Susan Stewart
