Dear Michael R Kleinigger,

Your application is currently in Approved to Install / Pending Certificate of Completion and Inspection status in PowerClerk. Once the system is installed, you may log in to PowerClerk and fill out the Certificate of Completion. Once this has been completed and the county inspection has been received, the Renewable Service Center will review and validate the Certificate of Completion.

For DEC Jurisdiction Only:

Please note, for projects over 10 kW a Duke Energy engineer will conduct a field inspection of the generating facility once it is completed and before final approval can be granted.

For DEP Jurisdiction Only:

Please include a copy of the local electrical inspection approval document with the Certificate of Completion referencing **Premise ID # 94555755**.

Sincerely,

Duke Energy Progress
